Christine:

With regards to Tier 1 (28 people) and Tier 2 (6 people). Hope this helps.

With regard to search terms, both David and Leslie can help you out on those.

Thanks.

David & Noreen,

Thank you again for taking the time to speak with us last week regarding your procedure for conducting email searches. In follow up to our call, attached please find a draft proposed list of search terms for use in conducting searches of electronic emails. Before we mutually agree on a final list of search terms to use, please let us know, after you speak with the proper person on this case, how you recommend to edit these search terms to account for particular terminology that US EPA may use that we would be unaware of. Please also let us know if you have other suggestions for how to edit these search terms, in terms of substance, quantity, or otherwise.

Noreen, were you able to learn any information about the number of potential custodians, and the ratio of Tier 1 versus Tier 2 custodians?

Please don't hesitate to reach out to Dave Hasman or me with any questions. Thank you.

Christy
